

The Gardens on Quail Visitation Policy

- All visits, indoor or outdoor should be scheduled in advance and limited to two visitors per resident. Please continue to schedule appointments through our online reservation system. <https://calendly.com/gardens-on-quail>
- Although not required, The Gardens on Quail continues to encourage that visitors obtain a negative test result prior to any scheduled indoor visit.
- COVID surveillance screening is required. Upon arrival, use the kiosk located in the vestibule to fully answer all screening questions. Once you have submitted the required information and provided a temperature check, let reception know that you have arrived.
- Please appropriately wear a surgical mask for the duration of your visit. Surgical masks will be provided by The Gardens on Quail.
- Residents in isolation or quarantine cannot participate in outdoor or indoor visitation. Virtual visitation is available in these cases.
- Compassionate care visits will be available to both vaccinated and unvaccinated residents. Please contact either Executive Director, Troy McClymonds or Assistant Executive Director, Leigh Boney for additional details.
- We encourage visitors to meet residents in the lobby. However, in-room visits are permitted.
- Facility restrooms, common areas and activity spaces will not be accessible during the visit. Visitors should remain in the visitation area or resident room for the entirety of their visit.
- Thank you in advance for your cooperation. We hope you enjoy your visit!!
